An act to add Section 45062 to the Education Code, relating to teachers.

LEGISLATIVE COUNSEL'S DIGEST

SB 51, as amended, Alpert. Teachers: additional compensation.

Under existing law, if compensation is provided to certificated employees of any elementary, high, or unified school district for a work assignment which is not part of the contracted instructional day duties, like compensation, whether paid on an hourly or monthly basis, or on a flat rate basis or otherwise, is required to be paid to all certificated employees of the district who perform like work with comparable responsibilities.

This bill would authorize a school district to apply to the Superintendent of Public Instruction for grant funds to provide additional compensation to credentialed teachers, as defined, who provide mentoring, participate in staff development, or develop curriculum outside of the regular instructional school year. A teacher would receive \$1,000 for one week of work and \$500 for each additional week, up to a maximum of 3 additional weeks.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
